CAREER OBJECTIVE

Software Engineer with hands-on internship experience building production-grade RESTful APIs and backend systems. Skilled across Java, Spring Boot, Angular, SQL optimization, and systems design, with a track record of measurable performance improvements (30% data retrieval optimization). Seeking an Infrastructure Specialist role to leverage backend architecture expertise and advance into cloud infrastructure design and systems engineering.

TECHNICAL SKILLS

- Backend Development:** Java, Spring Boot, Hibernate, REST APIs, GraphQL
- Frontend Development:** Angular, HTML5, CSS3, Responsive UI
- Databases:** MySQL, DBMS, CRUD Operations, SQL Query Optimization
- Networking & OS:** Linux, Windows, Networking Basics, TCP/IP Fundamentals
- Developer Tools:** Postman, Git, Maven, VS Code, IntelliJ IDEA
- Core Concepts:** Object-Oriented Programming (OOP), RBAC, JWT, Agile/Scrum, Exception Handling

INTERNSHIP EXPERIENCE

Full Stack Developer Intern | *Expeditors International, Chennai*

Sep 2025 – Present

- Designed and implemented 10+ RESTful APIs for core business logic and seamless data exchange between Angular frontend and MySQL backend.
- Built 5+ responsive Angular UI components featuring client-side routing, form validation, and HTTP client integration.
- Executed CRUD operations with optimized SQL queries, reducing database retrieval time by 30%.
- Integrated GraphQL for flexible data querying and actively managed version control using Git within Agile/Scrum sprints.

PROJECTS

Full Stack E-Commerce Web Application

Java • Spring Boot • Angular • MySQL

- Engineered an end-to-end e-commerce platform incorporating secure user authentication, Role-Based Access Control (RBAC), dynamic product management, interactive shopping cart, and automated order processing workflows.

Alzheimer's Disease Detection System

Deep Learning • CNN • D-ResNet50

- Developed a customized D-ResNet50 deep learning model to facilitate early detection of Alzheimer's disease through automated analysis of retinal fundus images.

EDUCATION

2025 - B.E. ECE, J.J. College of Engineering and Technology - Trichy

CGPA : 8.3

2021 - HSC, Navalar Soma Sundara Bharathiyar Corp. Girls Hr. Sec. School

Percentage : 84%

2019 - SSLC, Navalar Soma Sundara Bharathiyar Corp. Girls Hr. Sec. School

Percentage : 76%
